Dir. DF/FTLI

PUBLIC COMPETITION FOR ADMISSION TO THE PHD PROGRAMME OF NATIONAL INTEREST IN SYSTEMS MEDICINE - A. Y. 2025/2026

THE RECTOR OF THE UNIVERSITY OF MILAN

- Having regard to Ministerial Decree no. 270, dated 22 October 2004, entitled "Amendments to Regulation no. 509 containing rules governing the educational autonomy of Universities, passed by a Decree of the Ministry for Universities and Scientific and Technological Research on 3 November 1999";
- Having regard to article 4 of Law no. 210 dated 3 July 1998, as amended by art. 19, paragraph 1, of Law no. 240 dated 30 December 2010;
- Having regard to Regional Law no. 33, dated 13 December 2004, entitled "Rules governing regional measures to ensure the right to study at university", which makes provisions for services in favour of students enrolled in doctoral programmes;
- Having regard to Ministerial Decree no. 226 dated 14 December 2021, entitled "Regulations concerning the accreditation methods of doctoral locations and programmes and the criteria for the institution of doctoral programmes by accredited bodies", and in particular art. 11;
- Having regard to Law no. 33 dated 12 April 2022, entitled "Provisions on simultaneous enrolment in two higher education programmes", and in particular art. 4, paragraph 1;
- Having regard to art. 1 of Ministerial Decree no. 930 dated 29 July 2022, which states that "starting from the academic year 2022/2023, Universities shall include in their academic regulations general provisions to facilitate the simultaneous enrolment of students";
- Having regard to Ministerial Decree no. 917 of 19 October 2019, whereby the Ministry of Education, University and Research (MIUR) granted five-year accreditation to the doctoral research programmes proposed by the University of Milan, subject to ongoing compliance with the prescribed requirements, and having regard to Directorial Decree (DD) no. 1288 of 2 December 2022, confirming accreditation for the doctoral programme in accordance with Ministerial Decree 226/2021;
- Having regard to the agreements stipulated by and between the University of Milan, the University of Naples "Federico II", the University of Bari, the University of Turin, the

University of Trento, the Catholic University of the Sacred Heart, Humanitas University of Milan and Fondazione "Scuola Superiore Europea di Medicina Molecolare" (SEMM – European School of Molecular Medicine), for the institution of the PhD programme of national interest in Systems Medicine;

- Considering that the afore-mentioned Universities intend to institute a new cycle of the doctoral programme for the academic year 2025/2026;
- Having regard to the note no. 8936 of 29 April 2025 of the Ministry of University and Research;
- Having regard to the resolutions adopted by the Academic Senate and the Board of Directors during their meetings of 15 and 29 April 2025, concerning the institution of the 41st doctoral cycle;
- Having regard to Rector's Decrees no. 17828/25 dated 8 May 2025, no. 22989/25 dated 12 June 2025, and no. 29614/25 dated 28 July 2025, regarding authorisation to enter into agreements with institutions and companies wishing to fund doctoral scholarships;
- Having regard to the public competition for admission to the PhD programme of national interest in Systems Medicine for the a. y. 2025/2026, launched by Rector's Decree no. 2199/25 dated 9 May 2025;
- having regard to Rector's Decree no. 2283/25 of 6 June 2025 concerning the increase in the number of places and scholarships originally available for the PhD programme of national interest in Systems Medicine for the a. y. 2025/2026, launched by Rector's Decree no. 2199/25 dated 9 May 2025;
- Having regard to the resolution adopted by the Board of Directors in the meeting of 22 July 2025, regarding authorisation to enter into agreements with institutions and companies wishing to fund PhD scholarships

HEREBY DECREES AS FOLLOWS:

Art. 1 - Institution

Subject to accreditation by the Ministry of University and Research (MUR), in compliance with the laws in force, the University of Milan (administrative headquarters), Fondazione "Scuola Superiore Europea di Medicina Molecolare" (SEMM – European School of Molecular Medicine), the University of Naples "Federico II", the University of Bari, the University of Turin, the University of Trento and Humanitas University of Milan hereby institute a highly innovative doctoral programme of national interest called "PhD in Systems Medicine" for the academic year **2025/2026 (41st cycle – starting on 1 November 2025)**.

Advances in genetics and genomic sciences have triggered a revolution, transforming classical medicine into what is now known as precision medicine. This new approach is based on the acquisition and integration of vast amounts of quantitative molecular data, and their use for a personalised definition of disease and targeted therapy. Precision medicine has changed the way in which the cellular and molecular mechanisms of disease are investigated. It uses technological platforms to produce a large amount of information, which allows to highlight and quantify the heterogeneous nature of diseases and the phenotypic variability associated with individuals. Precision medicine will totally change the approach to treatment not only for therapy, but also for diagnosis and prevention. Therefore, the transition to precision medicine requires professionals with new skills and multidisciplinary training.

The PhD in Systems Medicine aims to provide doctors and scientists with interdisciplinary theoretical and technological training in biomedical sciences to address the challenges of precision medicine. The goal is to train professionals capable of tackling highly complex technological and therapeutic strategies with multidisciplinary approaches.

The official language of the PhD in Systems Medicine is English.

Duration

4 years

Research topics

Applicants can view the proposed research topics for the programme – as identified by the Faculty of Instructors based on the programme's objectives and its research and educational focus – on the [website](#) of the University of Milan. Research topics are selected in the times and manner specified in art. 25 of the Regulation for PhD Programmes and Students of the University

of Milan (administrative headquarters).

Places available

39

Scholarships

27 scholarships offered by the European School of Molecular Medicine, 3 of which for the research project:

- "The Restrictor complex and the control of extragenic transcription" (RESET), PI: Gioacchino Natoli, European Institute of Oncology (IEO), CUP: J53C24004190001, project code: FIS-2023-00691, funded by the Ministry of University and Research under the Italian Science Fund 2022-2023 (FIS 2 call);

3 scholarships offered by the University of Milan;

2 scholarships offered by Humanitas University, divided as follows:

- 1 scholarship for the project "Dissection of regional immunity to develop novel immunotherapies against cancer", AIRC Foundation IG 2023 no. 29492;
- 1 scholarship for the project "Clinical Ethics in Oncology: Mapping Dilemmas, Conflicts, and Decision-Making Pathways"

1 scholarship for the research project "Harnessing Targeted Protein Degradation to Eliminate Senescent Cells in Infection"; this scholarship is funded by the Department of Pharmaceutical Sciences under the FIS 2 Call launched by the Ministry of University and Research (MUR), as part of the project "Switchable Senolytic Therapy: Promoting Cell Death To Live Through Chronic Infections" (project code FIS-2023-00860, CUP G53C24001380001);

1 scholarship offered by the University of Bari;

1 scholarship for the research project "Regulatory Mechanisms of Polycomb-mediated Transcriptional Repression in the Control of Cell Identity"; this scholarship is funded by the Department of Health Sciences under the FIS 2 Call launched by the Ministry of University and Research (MUR), as part of the project "Regulatory Mechanisms of Polycomb-mediated Transcriptional Repression in the Control of Cell Identity" (project code FIS-2023-01552, CUP G53C24001320001);

1 scholarship offered by the University of Naples "Federico II";

2 scholarships offered by the University of Trento, divided as follows:

- 1 scholarship under the fund 40105102 (CUP E63C24002150007), AIRC IG 2024 Zippo, project code: 30745

- 1 scholarship under the fund UE HE ERC MICROTOUCH [101045015] - CUP E63C22001400006

1 scholarship offered by the University of Turin.

The number of scholarships may be increased, should external funding become available before the application deadline.

International applicants who are in receipt of scholarships issued by their country of origin may be admitted in excess of the enrolment quota, if they pass the admission exams set out in this decree.

Coordinator

Prof. Diego Pasini, full professor in the scientific-disciplinary sector BIOS-08/A (phd@semm.it).

The PhD training activities will take place at the following Centres:

- IFOM ETS - AIRC Institute of Molecular Oncology, Milan;
- European Institute of Oncology (IEO), Milan;
- Center for Genomic Science of the Italian Institute of Technology, Milan;
- Human Technopole Foundation, Milan;
- Italian Institute for Genomic Medicine (IIGM), Candiolo (TO);
- National Institute of Molecular Genetics (INGM), Milan;
- CEINGE - Advanced Biotechnologies, Naples;
- Telethon Institute of Genetics and Medicine (TIGEM), Naples.

The PhD training activities will also be carried out at partner Universities:

- University of Naples "Federico II";
- University of Bari;
- University of Turin;
- University of Trento;
- Humanitas University of Milan.

Admission is regulated by a public competition based on qualifications and exams, as provided for in the articles below.

Art. 2 - Admission requirements

Applicants in possession of a second-cycle degree (*Laurea magistrale*), an equivalent qualification or a qualification equivalent to the level of studies (Master's Degree) awarded by a foreign university may apply for admission to the doctoral research programme.

The suitability of foreign academic qualifications in terms of content is evaluated by the Admission Committee of the doctoral programme, in compliance with the regulations in force in Italy and in the country in which the academic qualification was issued, and with the international treaties or agreements on the recognition of qualifications for the continuation of studies.

The validity of foreign qualifications is verified upon submission of the official documents.

Applicants who have not yet obtained their second-cycle degree (*Laurea magistrale*) may also apply, but must earn the second-cycle degree by the programme starting date (1 November 2025), otherwise they will be excluded from the programme. Applicants falling under this category are required to self-certify possession of such degree within five days after graduation, by sending the self-certification and a copy of their ID to SEMM Graduate Office, at the email address phd@semm.it.

Art. 3 - Application for admission

Applications must be submitted online by **10.00 on 8 September 2025**, by accessing the website <https://www.semm.it/>. The application form is an online CV that applicants must complete on the website. Every application will be automatically assigned an ID number, which will be communicated to the applicant via e-mail as confirmation of the application being received. This number will be used to identify the applicant for any further communication posted on the website (admission to examination, final ranking, etc.).

Here below is a summary of the information to be provided in the application form:

- basic personal data;
- key elements of the applicant's educational track;
- exams passed, with the corresponding grades and credits;
- publications and work experiences, if any;
- a description of the reasons why the applicant wishes to enrol in the programme;
- personal scientific interests in relation to the topics of the programme;
- names of two referees (authors of the reference letters in support of the application).

When completing the application form, applicants must upload their Diploma Supplement **or** their Bachelor's and Master's diploma (or equivalent qualifications obtained in Italy or abroad), with the corresponding transcripts of records. Applicants who have yet to obtain their second-cycle degree are required to submit a certificate of enrolment in lieu of the diploma. All documents must be in Italian, English, French, German or Spanish.

Self-certifications are accepted as and where provided for by the laws in force.

Furthermore, the Faculty of Instructors requires two reference letters to support the application. In an appropriate section of the application form, the applicant is asked to indicate the names, affiliations and email addresses of the two chosen referees. The referees will receive an automatic email with an invitation to submit their reference letters. It is the responsibility of the referees to submit their letters through the online system within the deadline. Referees must be academic professors or research project leaders.

Art. 4 - Applicants with disabilities

In order to ensure equal treatment of applicants, those holding a certificate of disability (*invalidità civile*) and/or handicap pursuant to Law 104/1992 may apply for accommodations by writing to COSP Disability Services (ausili.ammissioni@unimi.it) at least 15 days before the exam, attaching the certificate issued by the competent public health office. Applicants holding outdated certificates are required to apply for an updated certificate, to be submitted after enrolment for the purposes of using disability accommodations as offered by the University.

Art. 5 - Applicants with SLD

In order to ensure equal treatment of applicants, those holding a Specific Learning Disorders (SLD) certificate under Law 170/2010, issued by the National Health Service, a private affiliated centre, or a private specialist (with a compliance certificate from the competent health authority), may apply for accommodations by sending their certificate to COSP SLD Services (ausili.ammissioni@unimi.it) at least 15 days before the exam. If the SLD was diagnosed in childhood, and the certificate is over three years old, students should apply for an updated certificate, to be submitted after enrolment for the purposes of using SLD accommodations as offered by the University.

Art. 6 - Pre-selection

Once applications have been received, the Admission Committee will pre-select applicants.

The following are the pre-selection criteria used by the Admission Committee:

1. consistency between the degree(s) held by each applicant and the goals of the PhD programme: max. 10 points;
2. the applicant's previous educational track: max. 10 points;
3. publications and other qualifications: max. 10 points.

The evaluation of the CV will take into account the applicant's entire university career, any publications, any professional experience and other qualifications held.

In scoring the CV, the Admission Committee will take into consideration the conditions and the amount of time taken by the applicant to obtain his/her qualifications.

The minimum score to pass the pre-selection stage is 18/30.

Pre-selected applicants will be invited to take the admission examination. The list of pre-selected applicants will be published on the website <https://www.semm.it> on **16 September 2025**, and will serve as official notice.

Art. 7 - Admission examination

The examination schedule, specifying the date and time of the written test and oral exam for each applicant, will be published on the website <https://www.semm.it/>. Such publication will serve as official notice.

The admission examination will be in English and will include:

- an online multiple-choice test designed to assess applicants' knowledge of the topics covered by the PhD programme, as well as their reasoning skills;
- an online oral exam covering the following points: presentation of the applicant's second-cycle degree thesis, or another research project in which the applicant took part during his/her career; discussion of a research project to be chosen from the ones proposed by the Committee, consistently with the research areas of the doctoral programme; the applicant's motivations, expectations and future career prospects.

To take both the test and the oral exam, applicants must present one of the following identity documents:

- a) identity card;
- b) passport;
- c) (Italian) driving licence.

The Committee will assign a score to each applicant based on:

1. his/her previous educational track: max. 10 points;
2. the written test: max. 30 points;
3. the oral exam: max. 60 points.

The outcome of the qualification assessment will be communicated to applicants before the examination dates.

The overall ranking will be calculated on the basis of the total number of points obtained by each applicant for their qualifications and exams, in compliance with the above-mentioned criteria.

The minimum pass score is 70/100. Personal interviews with faculty members will follow the admission examination. These interviews aim to give applicants an overview of the research centres and their research projects, but are not scored for the purposes of admission.

Art. 8 - Admission Committee

The Admission Committee is appointed by the Rector of the University of Milan, upon proposal of the Faculty of Instructors, by means of a decree issued in accordance with the applicable regulations.

The Committee must conclude its work by **10 October 2025**.

Art. 9 - Admission to the programme

After the examination, the Admission Committee will draw up the ranking list according to the scores obtained by each applicant. The ranking list will then be published on the SEMM website (<https://www.semm.it/>).

Applicants are admitted to the programme according to their position in the ranking list, until all the available places have been filled. Where applicants achieve the same score, preference will be given to the younger applicant, with the exception of the priority criterion for doctoral scholarships set forth in art. 12 of this call for applications. Scholarships are awarded based on the ranking order.

Admitted applicants who do not enrol by the deadline lose their right to enrol in the programme.

Should any admitted applicant withdraw from the programme, applicants ranked as eligible but not admitted in the first instance may be invited to enrol in their stead, but no later than three months after the start of the programme.

If the withdrawing student has already received any monthly scholarship payments, he/she will be required to return them.

Simultaneous enrolment in two academic programmes is allowed within the limitations provided for by current regulations, and must be assessed and approved by the competent bodies.

More specifically, simultaneous enrolment in a doctoral programme and another university programme is subject to the provisions of Law no. 33 of 12 April 2022, entitled "Provisions on simultaneous enrolment in two higher education programmes".

For information on how to apply for simultaneous enrolment in two study programmes, please visit the following link: [Simultaneous enrolment in two higher education programmes | University of Milan \(unimi.it\)](#).

Art. 10 - Enrolment

Admitted applicants must apply for enrolment in the PhD programme within 5 days of publication of the ranking list, by filling out the ad-hoc form prepared by the University of Milan.

Applicants are admitted conditionally and may be excluded from the programme if they are found not to meet the requirements.

Those enrolled in doctoral programmes must pay the annual regional tax for the Education Incentive Programme in the amount of €140.00, plus a €16.00 stamp duty and a €15.50 insurance premium.

Students with a disability at or above 66% and/or a recognised handicap pursuant to Law no. 104/92 will have the regional tax and insurance premium waived, provided that they submit an application for exemption; these students are only required to pay the €16.00 stamp duty.

Enrolment fees are non-refundable, even if a student withdraws from the doctoral programme.

Art. 11 - Enrolment of international applicants

International applicants are required to follow the same enrolment procedure as Italian applicants, but must also provide additional documents so that the University can check the suitability of their qualification, as well as the legitimacy of their stay in Italy.

Applicants with foreign qualifications

Applicants with a foreign qualification must upload the following documents when enrolling online:

1. **original degree certificate** with an official translation into Italian (if the original document is not written in English, French, Spanish or German), along with [a Statement of Comparability and a Statement of Verification issued by CIMEA](#) (i.e. the Italian ENIC-NARIC centre) or other ENIC-NARIC centres

OR

2. **original degree certificate legalised** by the competent authorities of the issuing country, with an official translation into Italian (if the original document is not written in English, French, Spanish or German), plus **one** of the following documents:
 - Declaration of Value (*dichiarazione di valore in loco*) issued by the Italian Embassy in the country where the qualification was obtained
 - [CIMEA Statement of Comparability](#) (the list of required documents is available [here](#)) or another statement issued by other [ENIC-NARIC centres](#) and containing all information needed to assess the foreign qualification

- Statement of Correspondence downloaded from [ARDI](#) (Automatic Recognition Database Italia), if the qualification was obtained in one of the signatory countries of the [Lisbon Convention](#)
- Diploma supplement drafted using the European Commission's template and **legalised** by the competent authorities of the country where the qualification was obtained.

Applicants with non-Italian citizenship

Applicants with non-Italian citizenship must also attach the following:

- Italian tax ID (*codice fiscale*);
- valid residence permit or application receipt of residence permit for study reasons (only for non-EU citizens);
- student visa for the a. y. 2025/2026 (only for non-EU citizens residing abroad).

Non-EU citizens residing abroad (with the exception of students from Norway, Iceland, Liechtenstein, Switzerland, Republic of San Marino and Vatican City) are required to submit an application for pre-enrolment on [University](#) in order to obtain their student visa.

In the case of admission, and after the pre-enrolment application has been confirmed, applicants will be able to see the application receipt (Summary) on University. This receipt is necessary to request a student visa.

Applicants who are not in possession of one or more of the above-mentioned documents when enrolling online must produce the missing documents **by 28 November 2025**, via the [Enrolment documents integration service](#).

The suitability of academic qualifications earned abroad is evaluated by the University in compliance with applicable laws and regulations.

The validity of foreign qualifications is verified upon submission of the official documents. Until then, applicants are admitted to the programme conditionally, and may be rejected if they are found not to meet the requirements. The University reserves the right to ask applicants to produce other documents in addition to those already submitted, in order to check their authenticity and suitability.

Art. 12 - Scholarships

Scholarships are awarded to applicants in accordance with the laws in force, based on the ranking order. The gross amount of the scholarship is **€20,266.50** per year. The scholarship is not subject to IRPEF (personal income tax) in accordance with art. 4 of Law no. 476 of 13 August 1984, and is subject to the social security provisions set forth in art. 2, paragraphs 26 et seq., of Law no. 335 of 8

August 1995, as subsequently amended.

Working students falling into the categories appearing in art. 26 of the University Regulation for PhD Programmes and Students will be eligible to apply, provided their working income does not exceed the scholarship amount. Income under the limitation is defined as gross earnings during the year to which the scholarship is principally allocated.

In the event of applicants ranked equally, scholarships are awarded by assessing the applicant's economic situation according to the ISEE (Equivalent Economic Situation Indicator).

Scholarships have a yearly duration and are renewed if the Faculty of Instructors promotes the student to the following year, after ascertaining that he/she has correctly and successfully completed the programme of activities in the previous year.

In addition to the scholarship, each PhD student is given a budget for research activity in Italy and abroad suited for the type of programme, and in any case amounting to no less than 20% of the amount of the scholarship itself.

Art. 13 - Obligations of doctoral students

The rights and obligations of doctoral students are regulated by **articles 26 and 27 of the [University Regulation for PhD Programmes and Students](#)**. Please bear in mind the following:

- Doctoral research programmes entail 1,500 hours of **training-education and research activities** per year. A full-time commitment is required of each student for the whole duration of the programme.
- In order to obtain their PhD, doctoral students **are required to demonstrate English proficiency at level B2 of the Common European Framework of Reference for Languages (CEFR)**.

To meet the language proficiency requirement, doctoral students must submit an English certificate from one of the certifying bodies recognised by the University (<https://www.unimi.it/en/study/language-proficiency/placement-tests-and-english-courses/accepted-language-certificates>), at B2 level or above, by the end of the first programme year.

An exemption from submission of a language certificate is granted only to:

- those who, by the starting date of the PhD programme, have earned a Master's degree featuring an English-language specialisation in one of the following Master's degree classes: LM-37 Modern American and European languages and literature, LM-38 Modern languages for communication and international cooperation, LM-39 Linguistics, LM-94 Interpreting and specialised translating, or equivalent Master's degree;

- those who, by the starting date of the PhD programme, have earned a Master's degree in a programme taught entirely in English;
- those who, during their prior study programme, have earned a B2 English language statement issued by SLAM - University of Milan Language Centre.

No other exemptions will be granted.

PhD students are required to regularly participate in the courses and to be fully committed to the programme, with regard to both individual and guided study and to their assigned research activities, as requested by the Faculty. Information on the nature and duration of courses can be found on the website <https://www.semm.it/>. With a view to the organisation of annual assessments, PhD students will be asked to submit a written report about their research activities, including findings and future prospects for the project. The report must be submitted by the deadline established by the Faculty of Instructors.

Art. 14 - Civil servants

Pursuant to art. 12, paragraph 5, of Ministerial Decree 226/21, civil servants admitted to a doctoral programme may be granted a leave as contemplated by the applicable collective agreement, or, for those employed under public law, an extraordinary leave for study purposes, for the standard duration of the programme – provided that such leave does not conflict with the needs of the employing administration, as per art. 2 of Law no. 476 dated 13 August 1984 – but only if this is the first time that they enrol in a doctoral programme, independently of the programme subject area; the leave may be paid or unpaid, subject to the civil servant's right to explicitly forego the scholarship. This does not affect their right to receive a budget for research activities in Italy and abroad, as per art. 9, paragraph 4, of Ministerial Decree 226/21.

Art. 15 - Awarding of the degree

The degree of Doctor of Philosophy, abbreviated to "Dott. Ric." or "PhD", is awarded jointly by the Rectors of the University of Milan, the University of Naples "Federico II", the University of Bari, the University of Turin, the University of Trento, the Catholic University of the Sacred Heart and Humanitas University of Milan in compliance with Ministerial Decree no. 226 dated 14 December 2021. The qualification and certificate will explicitly mention the institutional and scientific role of Fondazione SEMM.

Art. 16 - Processing of personal data

Pursuant to Legislative Decree no. 196 of 30 June 2003, as amended by Legislative Decree

no. 101 of 10 August 2018, as well as Regulation (EU) 2016/679 (General Data Protection Regulation, GDPR), the University undertakes to respect the confidential nature of the information provided by applicants. All data provided will be processed solely for purposes related and instrumental to the competition and to manage the applicant's relationship with the University, where necessary, in compliance with current laws. Fondazione SEMM will be bound by the same provisions.

Art. 17 - Applicable laws and regulations

Any items for which no specific provision has been made in this call for applications shall be regulated in accordance with the Italian laws and regulations governing doctoral programmes.

Art. 18 - Person in charge of the procedure and contact details

Pursuant to Law no. 241 of 7 August 1990, the person in charge of the procedure set forth in this call for applications is Ms Monica Delù (Head of the Post-Graduate Programmes and International Students Services Sector).

For further information or clarifications please use the [InformaStudenti](#) service, selecting the category: Postgraduate > Doctoral research (PhD).

Milan, 28 July 2025

THE RECTOR OF THE UNIVERSITY OF MILAN

(Signed Marina Brambilla)

Filed as record no. 3359/2025 of 29 July 2025
